

We All Live Down Stream

CHORUS

We all live down stream,
better watch out what we put in it
We all live down stream,
let's be careful what we do
We all live down stream,
better look out how we're using it
We all live down stream,
and the stream is running through

Through the mountains, through the valleys
Through the cities, through the towns
Through the wild places, where the water falls down

CHORUS

So, keep the stream clean as it goes past you and me
Keep the stream clean as it flows into the sea,
Keep the stream clean as it goes past you and me
Keep the stream clean keep that river running free

We all live downstream,
someone else is living up from us
We all live downstream,
someone else is further down
We all live downstream,
and it's up to every one of us
We all live downstream,
to keep it clean when it comes round

Through the farms, through the orchards
Through the dry desert sand
Each living drop of water
It brings life upon the land

CHORUS

Keep the stream clean
We all live downstream
Keep the stream clean
It's up to you and me

Keep the stream clean
We all live downstream
Keep the stream clean
Keep that river running free
