by Kevin Henkes

Birds

Count colors of birds in your backyard and on a walk. Look closely at them with **binoculars**. Match colors you saw on birds to **color chips** in **rainbow tool bag**. Use imagination (wear **Imagination Butterfly Band**) to make up "If birds" stories (i.e. "If birds made marks with their tail feathers…")

JOURNAL IDEA: write your story or draw a picture of it. Use **Bird ID** book to match the birds that you saw. Hang up a bird feeder.
