

The Wind Garden

Wear Butterfly Imagination Band to imagine then make wind garden! Colorful things that spin, sparkle, flutter or chime! Try stringing leaves to flutter, tie on long grasses to wave, fill cans with pebbles/seeds to rattle, hang sticks/nails together to chime. Use shovel to dig hole for rustling corn stalks or tall grasses. With measuring tape, measure tallest thing in wind garden. Use compass to guess where wind came from/where it's going!
