

HABITAT WEB

STUDENT NAME: _____

Describe Your Animal and its Habitat that you found in your yard or other area by filling in the web. Pick your favorite animal that you saw there and write it in the middle. Then put things that you saw in your animal's habitat that your animal needs in the outside circles. Are there things that your animal needs that you didn't actually see in the habitat? Guess where the animal might get those things. Fill those things in the circles also with your guess of where they would get them and put a * by them.
