

STUDENT NAME: _____

VENN DIAGRAMS help us compare (tell how two things are alike) and contrast (tell how two things are different).

We are comparing and contrasting Backyard Habitats (Pick any two habitats in your yard that you would like- EXAMPLE: a tree, under a rock, in a pile of dirt-underground, in the grass etc). Then fill out the below diagram. Put the name of each habitat in the circles.

**Different
Habitat 1**

The Same

**Different
Habitat 2**
