

No Bones

Written by Steve Van Zandt
Illustrated by Rick Mack

Book based on a song by the Banana Slug String Band

THORAX

HEAD

ABDOMEN

Head, thorax, abdomen
You're inside-out, no bones within
Head, thorax, abdomen
I'm talking about my six-legged friends

They go through metamorphic change
They turn from weird to really strange
Wings to fly, antennae too
Mouth parts to suck and chew...

THORAX

HEAD

ABDOMEN

Head, thorax, abdomen
You're inside-out, no bones within
Head, thorax, abdomen
I'm talking about my six-legged friends

NO
BAD
BUGS!

Some aren't so good to have around
Because they eat my garden down
Others are beneficial guest
Because they eat those garden pests...

THORAX

MOTH

FLY

FLEA

WASP

CRICKET

ANT

BEETLE

BEE

POLLINATOR

DECOMPOSER

Moths, wasps, flies, and fleas
Crickets, ants, beetles, and bees
Each one has a part to play
From pollinating flowers to eating decay...

THORAX

HEAD

ABDOMEN

Head, thorax, abdomen
You're inside-out, no bones within
Head, thorax, abdomen
I'm talking about my six-legged friends

If you want a different view
Get down on the ground and do what insects do
And if you see a foot in the air
Hope that it's a foot that walks with care...
