Moments...Inspired by Nature

Commercial Photography In Your Parks

Over the past few years the Miami County Park District (MCPD) parks have become a popular place for commercial photographers. In an effort to accommodate the growing demand for these types of photos, while continuing to preserve valuable natural areas, we will be issuing Commercial Photography Permits to those who use MCPD property for commercial or private photo sessions for profit.

When Is a Permit Required?

A permit is required if the photographer:

- ✓ Is paid for services as a photographer while on MCPD property
- ✓ Conducts private sessions for profit
- ✓ Uses large or unusual equipment while taking photographs which might interfere with programs or other park visitors

When Is a Permit Not Required?

A permit is not required for:

- ✓ Personal use to preserve memories and to share on social media
- ✓ Special occasion photography/videography that will be used only for personal enjoyment
- ✓ Members of the news media working on an article or report

Types of Permits

There are three types of Commercial Photography Permits available:

- ✓ Annual Unlimited \$100 -
(annual permits are granted for one year from issue date)
- ✓ Single Use \$25
- ✓ Daily Video \$50

How To Obtain A Permit

Complete the Commercial Photography Permit form found online or return the completed permit and payment to 2645 E. St. Rt. 41, Troy, OH 45373. We accept cash, check or credit card.

Questions?

- ✓ Call 937-335-6273 ext. 109 Monday - Friday from 8 a.m. - 4 p.m.
